

# ATB GLOBAL EQUITY POOL

Unlock a world of investment opportunity

## Fund profile

### ► Access to global markets

A one-ticket solution that provides the potential for attractive risk-adjusted returns with growth exposure by unlocking access to global investments in the world's fastest-growing economies and companies.

### ► Your passport to greater diversification

Canada comprises just 2%-3% of the global investment universe<sup>1</sup> with a domestic equity market concentrated in just three sectors. Looking outside our borders can help to achieve deeper diversification and long-term growth potential.

### ► Broaden your return potential

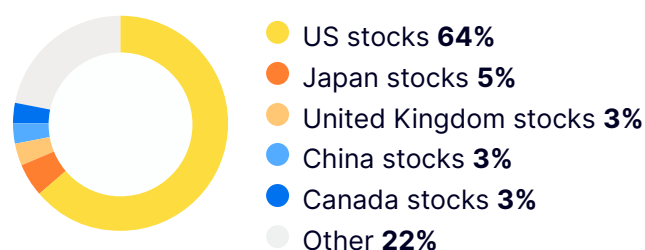

Provides enhanced diversification by geography, style, manager and sector, which helps to reduce risk while capturing growth opportunities as global investment markets evolve.

### ► World-class investments for an accessible minimum

An opportunity to benefit from high-conviction ideas from trusted, institutional-quality managers at an accessible entry point.

## Flexible, multi-manager approach

Actively investing in growth-oriented companies, diversified across regions, sectors, market capitalizations and manager styles, globally.

Reflects an asset mix as of June 2025 and is subject to change.

### Suitable for investors:

- Who have a long-term investment horizon
- Looking for long-term capital appreciation
- Willing to accept volatility in the value of their investments and medium investment risk
- Wanting a low-maintenance investment vehicle
