## IMPORTANT TAX NOTICE TO US INVESTORS

(Statement prepared by ATB Investment Management Inc.)

This statement is provided for investors who are United States persons for purposes of the US International Revenue Code of 1986, as amended ("IRC") and the regulations thereunder. It is not relevant to other investors.

ATBIS Canadian Equity Pool (the "Fund") may be deemed to be classified as a Passive Foreign Investment Company ("PFIC") as defined in Section 1297(a) of the IRC for the year ending December 31, 2022.

We recommend that all US taxpayer clients consult a tax advisor concerning the overall tax consequences of their ownership of the Fund and their US tax reporting requirements. You can also find information on US tax rules applicable to investments in a PFIC on the IRS website, [www.irs.gov](http://www.irs.gov), by searching "Form 8621 Instructions".

Please find below a PFIC Annual Information Statement ("AIS") for the Fund. The PFIC AIS is being provided pursuant to the requirements of Treasury Regulation §1.1295-1(g)(1). The PFIC AIS contains information to enable you, should you so choose based on the advice of your tax advisor in light of your personal tax circumstances, to elect to treat the Fund as a qualified electing fund ("QEF").

Generally, an election is filed for each mutual fund you hold and on which you wish to make a QEF election. If you hold a fund that holds one or more underlying funds, you will receive a combined PFIC AIS containing information that will enable you to elect to treat any or all of the funds as a QEF as you choose, as well as information relating to your securities and values in your indirect holdings.

The information attached with this letter is intended to help you make one or more QEF elections, if you decide to do so, and neither such information nor this letter constitutes tax advice. You should seek advice based on your particular circumstances from an independent tax advisor.

If you have any questions regarding this matter, please contact your financial advisor and/or your tax advisor for more information.

<sup>1</sup> Under US tax reporting rules, cash distributions only include distributions denominated in US currency. Distributions denominated in Canadian currency are reported as property distributions.

<sup>2</sup> All amounts are reported in US dollars. Distributions represent average distributions that are not reinvested in the fund. If you have elected to reinvest your distributions, the above amount may not be reflective of the actual distribution amount you received during the year. If you have made a QEF election, your basis in your fund securities is based on your investment in the fund before the election, plus your share of ordinary earnings and/or net capital gains less the actual distributions you have received during the year. You should consult your US tax advisor to determine your US tax basis in the fund securities during the year.

<sup>3</sup> The per unit amount of ordinary earnings and net capital gains for each Series of the Fund for the period are calculated under US tax principles and may not be reflective of the per unit Canadian dollar amounts reported in your fund account statement.
